## About Mini Hunter Pace

Join us on Saturday October 15th , for our second mini hunter pace. A hunter pace is designed to mimic the feeling of being on a fox hunt along open land, but without the hounds. This event will be ridden over a course of similar terrain and should be ridden at a hunting pace (pace that is normally ridden when hunting with hounds). This pace will allow for a much slower pace to be ridden to allow for all levels of riders. The course will be clearly marked and jumps will be flagged; course will include water crossings.
